

Please join the Women's Fund of Rhode Island for a unique and exciting conversation with leading women about *Womenomics*, a best-selling new book that explores the challenges — and opportunities — in pursuing career aspirations in balance with family and personal commitments. Can it be done, or does one inevitably give way to the other? What lessons can we learn from women who've made work and family work for them?

Featuring Katty Kay *BBC Washington Correspondent and co-author of Womenomics*

Christine Heenan *Vice President for Public Affairs and Communications, Harvard University*
